Tell us about how you help at the curling club.

Tell us about how you help in your community.

Tell us why you should be the recipient of a scholarship.

"Share Our Dream"

(2)

Colleen Syrja loved the game of curling. Her family and friends have established the **COLLEEN SYRJA JUNIOR CURLING SCHOLARSHIP** to honour her dedication to the game.

Colleen was not just a player. She was involved in many curling organizations in Northwestern Ontario. She traveled across the province and the country in her quest to help the sport of curling improve and progress.

Colleen will be remembered most for her involvement in the HEART TO HEART BONSPIEL in Thunder Bay. She curled in the bonspiel during it's early years.

Colleen joined the organizing committee and became the backbone of the group. Her computer skills streamlined the hectic Thursday evening madness as curlers brought their pledges and sponsor sheets to the curling club. Her cool approach to the task soon had the list of the top fundraisers ready for the start of the draw for teams.

By the end of every weekend Colleen had the bookkeeping finished, the money in the bank, and another successful weekend wound up.

Donations to the Scholarship fund started flowing at Colleen's Memorial Service. A successful FUNdraiser was held on December 2, 2006.

Through this annual scholarship the memory of Colleen's love and commitment to curling will live on.

Your completed application forms must be in our hands by March 31, 2007.
